	<i>Application Date</i> Zone	<i>Issue Date</i> Sq Ft	<i>Expiration</i> Valuation	<i>Last Inspection</i> Fee Total	<i>Final Date</i> Assigned To		
	<i>Description: Located leak on 1/2 Black Iron gas line that ran from attic down to outside then into PVC sleeving to island gas stove. Disconnected line under stove and outside and pulled it out. When we pulled it out we saw that the pipe was completely corroded and rotted fully. We fed 1/2 CSST from the inside under the stove to outside and reconnected everything. Under the stove has a new stop as well as a termination bracket. Outside was completely rebuilt with new stop, union, and nipples. Entire low side of the house held pressure test at 4lbs for 20min. 1yr warranty on the repair done today. From stop under the stove to the pipe going into the brick outside is covered.</i>
